## Principal's Message

**Dear aspirants,**

The new session started with new waves, new aspirations and fresh resolutions from the students and the faculty to strive together towards greater achievements and endeavors. It's a matter of pride for me to make a comeback to this institution once again and make every possible effort towards academic excellence and accomplishment in education for girls. The well-known government institution for girls in Higher Education in the district Kondagaon Govt. College has always headed towards success in academic fields, excellence in sports, peaked fame in cultural zones and extension works at rural slum areas.

The infrastructure development is pacing fast with the upcoming beautification and pollution free environment of the New Science Block. The automation of the well set and enriched Library, Computer lab and the Sports ground are the important aspects of the campus. As per the government scheme we have hostels for the students of our college as well as other government educational institutes of the district.

I take the opportunity, as the Principal, to welcome the young aspirants to be the important part of the institution that is always committed towards motivation, improvisation and progression with emphasis on personality development grooming into best citizens and contribution towards global education. I wish all the students a very bright future, and assure to give them best of opportunities to rediscover them and share their academic and cultural pursuits in the upliftment of the society.

**WITH BEST WISHES...**

**Dr. Kiran Nuruti  
(Principal)  
Govt. Gundadhur P.G. College, Kondagaon  
District- Kondagaon (C.G.)**

## IQAC

### Message of IQAC Coordinator

The Internal Quality Assurance Cell (IQAC) of Govt. Gundadhur P.G. College, Kondagaon committed for the quality in each aspect of the institute. It assures the overall development of college through its principal, professors, allied staff members, students, alumni and parents. The IQAC promotes various programmes like workshops, webinars and training programs for its students and professors to keep them updated and upgraded. The central focus of IQAC is to ensure the quality in education and thus it encourages ICT based teaching, remedial classes, project works, field works, seminars, *etc.* Though, the college belongs to the backward remote area, the IQAC efforts for maximum output with existing facilities and resources. It works for quality education, student-friendly environment, clean and green campus, good and transparent governance system, advanced laboratory and library and ultimately for the overall development of its stakeholders.
