Remark

TOPIC - IDIOMS

This class was the continuation class, which was on 10 May 2021. In this class, only few idioms were introduced at a time. The students should not be overwhelmed by discussing lists of phrases. Some posters were hanged ~~at~~ around the class. The students will be exposed to them daily.

Feed back

The feedback was taken on online mode and it is mentioned below.

From today's class I learned to play language games through the use of different idioms.
